PINNACLE
Style with Substance

Welcome to the world of Pinnacle!
We're more than just a product – we're a lifestyle!
Our motto is "Style with Substance" and we're committed to
delivering both in every product we create.
Pinnacle products are designed to make one's life easier
whether its going to school, heading to the beach, going on a
picnic, or simply commuting to work or wherever
life takes you!

Our History

HUMBLE BEGINNINGS

The story of Pinnacle started in 1986 as “Tokyo Plast”. Founder Mr. Velji Shah’s goal was to “empower people to share and connect through food, anywhere and everywhere” – a philosophy which still holds true today!

This ambitious project was initiated by the promoters to cater to the global needs of thermo products after they sensed that there was a void of superior quality products in the market. Our unparalleled product portfolio in this industry includes Homeware and Outdoor Products.

Mr. Velji Shah’s protégé Haresh Shah later renamed the brand to “Pinnacle” in 2007 to pay homage to one of their most successful products and to the company’s commitment to striving for perfection.

Our Facility

- Our manufacturing facilities are situated at Daman (170 kms from Mumbai) and at Kandla, Gujarat.
- Both these plants combined, facilitate a production capacity of 1000*40ft container per annum.
- 30 Injection-Molding & 10 Blow Molding machines are used for manufacturing.
- Whilst the Daman Plant specializes in making Insulated Lunch Boxes, Food Containers, and Bottles, our plant at Kandla dominates the manufacturing of Insulated Water Jugs and Ice Boxes

Pinnacle's Purpose
